"Although they took out over a thou- was taken. sand carcasses from the city last year and reduced them to oil, they falled to profit. This high water will cause them to lose money in fulfilling their contract, and all the city can do is to take it away from them, they having given no bond; and the contractors are more than willing to relinquish all obligations. Unless a dump far from the city can be secured where farmers may secure fertilizer and carry it away, as is done in other cities,

CLOSE VALVES.

"In about two more days we will begin to hear complaints about cellars being filled with water," said City Engineer L. A. Washington this morning. "At the approaching stage of high water the water is bound to be forced back into the sewer mains and through the drain pipes into the houses. People neglect to close valves and this accounts for most of the distress on such occasions. There will be plenty of water standing in cellars all over the city and putting out furnace fires. People should be warned of such danger."

TEN YEAR'S RECORD WILL BE PASSED

When River Tide Reaches Maximum at Paducah

Already Water Has Crossed First and Jefferson Intersection-Over the Trestle.

MILLS NOT DAMAGED AT ALL.

Government reports indicate that the river here will continue to rise for five days, and that the maximum stage will be 45 feet. The river rose one foot and three-tenths in the last 24 hours, the same rise as was registered for the preceding 24 hours, and a big rise for the present stage of the river. The stage this morning t 7 o'clock was 42.3.

In 1898 the river rose slightly above 43 feet and temorrow probably will find as high a stage here After that stage is reached all records for over ten years back will be broken. Last April, the usual spring ise carried the river to a 40 foot tage. Snow fell lightly this mornng but a heavy snowfall would have little immediate effect, though should t melt it would swell the volume of vater. It takes about a foot of snow o equal an inch of rainfall.

The river is over the Illinois Cenral railroad track at First and Jefferson streets this morning, for a listance of 25 feet. Tomorrow morning will find the river all over the foot of Jefferson street and stopping traffic out of First street into that treet. In the Western District Tobacco warehouses on First and Jefferson streets, many hogsheads of tobacco are stored, worth thousands of dollars, but water will enter the second street entrance of the wareouses before it gets into the river

No considerable inconvenience has resulted to the south side lumber mills thus far in the high water, though should the river rise higher than expected, they will be in a precarious situation. The bluff along the river there are high and at Third and Broad streets it probably is the highest ground in the city. In the north end of the city, the barracks on Sixth street are the highest point. In 1884 the back water was all over New York, Jan. 23 .- The great that part of the city where the Union

WOMEN IN HOSPITALS FELL FROM TRAIN

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY

MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic

Why should this be the case? Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, in-flammation, ulceration, displace-

ments, and other organic weaknesses All of these symptoms are indica tions of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound, has cured more cases of feminine ills than any other one remedy. Such letters as the following

are constantly being received by Mrs. Pinkham to prove our claims, Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 58 Free St., Fredonia, N. Y., writes:

"For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health. I cannot thank you sufficiently for the good it has done me."

Miss Margaret Tierney, of No. 328 W. 25th Street, New York, writes: Dear Mrs. Pinkham:-

Dear Mrs. Pinkham:—

"When only eighteen years of age our physician decided that an operation was necessary to pexnit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound."

No other remedy has such un qualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills.

New York.

The physic habit is more dangerous than dyspepsia

Dyspepsia often causes intense distress and pain, which is quickly relieved by a thorough physic, but unless the proper remedy is taken the patient is very apt to find himself a slave to the "Physic Habit." This is caused by the severe shock which the drug gives to the intestinal muscles making them so weak they

are unable to voluntarily perform their functions. The bowels cannot act of their own accord and so the physic which caused the trouble is taken again but in a larger dose in order to accompl results. The need for such an artificial treatment becomes chronic and the size of the dose must be gradually increased. The patient at last becomes a confirmed victim of the "Physic Habit," and his strength and health rapidly

> Dr. Caldwell's Syrup Pepsin does not act like other laxatives. Instead of

weakening the intestinal muscles it so strengthens them that they can perform their functions unaided. It is a pleasant remedy to take, and rapidly strengthens all the muscles hrough its great tonic properties. In cases of dyspepsia it quickly relieves the

pain and soon affects a permanent cure. All druggists sell Dr. Caldwell's Syrup Pepsin at 50 cents and \$1 a bottle.

Working Women

and girls who are worn out with the toil of daily work, find in Wine of Cardui a remedy that will assuage their pains, build up their nerves, restore their appetites and strengthen their weary bodies. No women suffer so generally from the diseases peculiar to their sex, as those who weaken their system with over-work, be it at office, store, or home. To such over-worked women

comes as a boon and a blessing, as is proved by its wonderful success, for the past 50 years, in the treatment of female diseases. "I cannot recommend-Cardui too highly," writes Mrs. Nellie French, of Batavia, O. "I had been bothered with pains in my back, and would nearly die with the headache every month. I took 3 bottles of Cardui and it eased away all pain. I have recommended Cardui to many of my friends." It is safe, non-intoxicating and absolutely reliable. Good for young and old. Try it.

A few days later the other trials were finished, and sentence day was definitely announced. The men to be sentenced put on their "best" for the occasion, those having a surplus of neckties and shirts kindly sharing them with those who were short of these decorations. A hard fate stared them all in the face, and each one wanted, somehow, to help his neighbor. They were as nervous a collection of men while waiting for the sheriff, as one will find in a moon's You may succeed when others do travel. They all expected something, not believe in you, but never when but the extent of this something, the severity which the "old man," the Man is not merely the architect of judge, would show them, was what his own fortune, but he must also made them fidgety. UILAP LOW PRICED **SMALLHOMES**

Near city, fertile, high, dry land, in best neighborhood; Have just platted into lots of about five acres each the 240 acre (Williams) tract, joining the Pines lands on west. Bounded next to city by Perkins Creek and Pines lands between, Buckner Lane Road and Hinkleville Gravel Road. Has 4138 feet frontage on Buckner Lane Road, said road just graveled in front of this land. Has 757 feet front on Hinkleville Gravel Road, and plat gives 40 feet cross roads through the tract, so that each and every lot fronts either on these gravel roads or these newly opened roads. Most of the lots front at each end on these roads. No nicer land in Mc-Cracken county. The 20 acres front on Hinkleville road has nice grove of forest trees on it and lays so as to make ideal

Price on the Hinkleville road front is \$100.00 per acre, of which \$10 acre cash and balance in monthly or quarterly payments running five years. All other lots \$65 acre on same terms. While these prices are uniform, there is difference in desirability of lots and first customers get choice. Come and see plat and list men who have taken dozen lots before I could get the parcels staked off. For home or investment lots you lose opportunity if you fail to take this. On one lot is new 5-room house which is priced at \$800 additional to cost of land at \$65 acre.

Removal Sale of A. Pollock's Jewelry Store

About February 15th we will take possession of our new store room-now occupied by the Great Pacific Tea and Coffee Co., 333 Broadway. In the meantime we have made startling reductions on our entire line of Watches, Diamonds and Jewelry. This for two reasons: First, we wish to move as little as possible of the present and, when we get into our new location, we mean to have a clean, new stock. If you need anything in our line give us a call, for we have made a cut of 50 per cent in many instances.

640 Broadway.

MUST LOSE SIMPLICITY IN LIGHT OF SCIENCE.

President Eliot of Hale, Says Truth Cannot Be Fixed-Speaks to Ministers.

Boston, Jan. 23 .- President Chas W. Eliot, of Harvard University, speaking before a meeting of Congregational ministers in this city on the subject of Ecclesiasticism, Ritualism and Creeds, emphasized his position against anything and everything that stands for finality in religion.

"Outside of what is called religion," he said, "there is no place where absolute truth is fixed. There la Noue sternly, "that you are under is an irresistible trend toward the my roof and that you are speaking of belief that truth cannot be fixed. In my guest.' the religion of philosophy and metaphysics there is an incessant flux; in chemistry, zoology, botany, no one fixed point in his research?"

The speaker likened the theme of science to the mariner feeling his way carefully and slowly into a harbor ergy and tenacity of the man,

"That is precisely what the men of science are doing," said President Eliot, "They know how slowly, painfully, patiently they must make their The theologian takes a different attitude. He sees in the fog of A great brown cloud had overspread mystery a thing to be believed. The the heavens and the night had fallen scientific man is going to rule. Before long it will be only his way that will command the respect of thinking the captured stockade were quiet, save

The good die young- especially good resolutions.

Are You Tired, Nervous and Sieepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved nerves. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper The Badge of Honesty, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like nurnoses has any such endorsement.

of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement. The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred allments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

refined glycerine.
